

**Features**

- High level / Low level / On-Off of the three control
- Active NC / NO two ways for a variety of electric locks
- Adjustable Delay lock from 0 to 10 seconds
- Anti-tamper switch (ATS) (Optional)
- Key lock (KLC) for enclosure cover
- Over voltage, Over current & Short circuit protected

**Applications**

- Access Systems
- Electromagnetic locks
- CCTV

**Description**

ASPSU1203-01K is an access system power supply offering universal input voltage and 12Vdc output. Features of this access system power supply include an adjustable delay lock for more convenient operation and an anti-tamper switch indicating unauthorized opening of the enclosure cover.

**Specification**

Input Voltage	100-240 AC
Input Frequency	50-60Hz
Output voltage	12-14V DC ADJ
Output Current	3Amp
Over-Current Protection	3.6A±5%
Ripple & Noise	≤100mV
Efficiency	≥85%
Enclosure Dimensions	163 x 163 x 48mm
Weight	0.9kg
